FOOTVILLE SOX WON THEIR SECOND GAME

Footville White Sox Baseball Nine
Were Victorious Over Opponents Saturday.

[SPECIAL TO THE GAZETTE.]
Footville, May 16.—The Footville White Sox won their second game of the season by defeating the Madison Independents in a very fast and snappy game. The baseball fans are beginning to realize that they do not have to go to Chicago or some large city to see a good game of ball, as is evident from the great attendance on such a day as last Saturday was.

PEPPER THROWN, NOT RUBBED IN MISS SHOEMAKER'S EYES

The injury to Miss Irma Shoemaker's eyes in her case was at first supposed. A doctor living across the way from where the incident occurred, arrived there almost immediately and the stuff was removed before a more serious damage was done. Miss Shoemaker was able to be about today and will be able to attend her classes although she will have to be careful about using her eyes in work, and seeing the pepper swung under her nose. The cover of the box she was to make Miss Shoemaker off and the pepper filled Miss Shoemaker's eyes.

DELAYS ARE CAUSED BY OVER-LONG TALKS

Dodge County Member of Assembly
Says Speakers On Bills Trespass
on Eternity.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., May 17.—Among assembly members who from the opening of the session of 1909 have protested that legislative sessions were unnecessarily long, John T. Hughes, editor, the member from Dodge county, has been in the fore-front. Mr. Hughes is the democratic leader in the lower house and sits just beyond the speaker's gavel and where he keeps close watch on proceedings. Besides being distinguished as the minority leader, he has gained fame as a wit and in the richness of native humor stands only next to Messrs. Dumb and Duggert.

"Before the legislature ever arrives at the 100-day session reality," said the democratic leader after the close of the annual rough-house celebration on Saturday, "it will have to pass a rule limiting the length of time taken up in speeches on any one bill. As matters stand now, the members can talk on a bill indefinitely. They can trespass on eternity, as Mr. Bancroft says, and no one can stop them. It is a fact that most of the bills on which there has been much superfluous talk, have been killed. This, more than anything else, proves the foolishness of all the talk. At present the rules permit any one member to make three speeches in one day on a given bill. This ought to be limited to one or possibly two, as the proposition could close. These two changes, I think, would facilitate business to a large extent."

Mr. Hughes also criticized severely the lack of equality among the Milwaukee members.

"They're all clever men, quite above the average," he admitted, "yet they bring bills in from committee only to display the sad fact that they are not ready. Time after time bills relating only to Milwaukee have been taken up after a committee has reported on them. These bills should be agreed upon by the Milwaukee delegation before they reach the floor, but, as I said before, time after time they come up and the whole business of the assembly is delayed while the members from Milwaukee scrap over minor details that might have been fixed up in the committee room."

"Of course I am willing to admit that anyone can stand outside and rant about delays in the legislature without understanding in the least the difficulties that are encountered; but I do insist that with needed changes in the rules, we could get through our work in less than four months."

Case Against Oil Company
on Trial.

[SPECIAL TO THE GAZETTE.]
Austin, Texas, May 17.—The case of the State of Texas against H. Clay Pierce was on the docket of the district court for hearing today, but the actual trial in all probability will be deferred until fall. Pierce is charged with having sworn falsely during the trial of the state's ouster case against the Waters-Pierce Oil company, of which he is president. Conviction on a charge of false swearing in Texas carries with it a sentence of imprisonment.

SELL LAST ASSETS OF DEFUNCT BANKER

Five-Million Dollar Judgment Against
Man Who Tried To Corner Wheat
Market Offered For Sale.

[SPECIAL TO THE GAZETTE.]
Chicago, Ill., May 17.—A five-million-dollar judgment against B. L. Harper, whose failure to "corner" the wheat market resulted in the collapse of the Fidelity National Bank of this city twenty years ago, was offered for sale this morning in the offices of a local firm of lawyers. The judgment represented the last asset of the failed bank, being a receiver's judgment covering the amount owed the bank. The sale of the judgment was a mere formality, marking the final chapter of the great financial disaster which brought ruination to hundreds of people.

William F. Downs, Of Baltimore,
Young High-Roller Brought To
Trial For Misdeeds.

[SPECIAL TO THE GAZETTE.]
Baltimore, Md., May 17.—William F. Downs, former stock clerk in the city register's office, was placed on trial today, charged with the larceny of large sums of money from the city. A crowded courtroom gave evidence of the great amount of public interest manifested in the case. Few persons in Baltimore were better known than young Downs, who comes of a good family and for several years had occupied a responsible position in the city offices. His downfall was the direct result of his extravagant mode of living.

ENGROSS RAILROAD BILL IN ASSEMBLY

Hammill Measure to Obviate Acci-
dents at Blind Crossings Will
Come Up for Passage
Tuesday.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., May 17.—In spite of the strong opposition of the railroads the assembly has engrossed and will place on the calendar for passage on Tuesday the Hammill bill, which provides that trains cannot be on blind sidings. This measure is designed to obviate many railroad accidents which occur as a result of trains meeting at non-dispatching stations. Mr. Hammill told the legislature last week that it would not result in the employment of but few more operators. The bill provides that no train dispatcher shall issue an order for two or more trains to meet or pass at any station until the operator has displayed the danger signal at the station where the trains are to meet. In his argument last week, Mr. Hammill proved by statistics from reports of the Interstate Commerce commission that some of the most disastrous wrecks in the country were caused by forgetting the meeting points. This bill does not apply to regular scheduled trains meeting at their regular meeting points according to schedule.

To urge the passage of his measure, Mr. Hammill has gathered statistics to show that for nine months during the year 1908 there were 3,180 collisions, and of this number 521 were passenger trains, resulting in the death of 2,058 persons, including 41,556 and causing the destruction of \$5,151,225 worth of property. It is the contention of Mr. Hammill that this bill will prevent a large number of the wrecks that are caused by the dispatching of trains. The vote in the assembly Saturday, indicates that the bill will be passed on Tuesday or Wednesday by a strong vote.

Defeated in the assembly by an overwhelming vote, the telephone industry has secured the introduction of a bill to prevent duplication of plants in cities where one system already exists without an order from the railroad rate commission. The senate committee on transportation has practically decided to recommend for passage on Tuesday of this week, a bill containing the provisions of the Clear measure in the assembly. The Bell Telephone company is in favor of the passage of the measure and the independents are bitterly opposed to it, claiming that it will give the Bell Telephone company a monopoly in this state. The measure will come up on Tuesday in the senate and it provides for the placing of the telephone business under the complete control of the railroad rate commission, and further declares "that no telephone exchange" where one utility is in operation, shall be permitted except by order from the railroad rate commission. Telephone men are expected to sweep down upon the legislature Tuesday to defeat the bill.

THROUGH AT NEW GAZETTE OFFICE

RESPONSE TO INVITATION WAS VERY GRATIFYING.

VISITORS TOTALLED 1,500

800 Roses Were Presented to Ladies And 1,000 Sets of Souvenir Cards Distributed.

Over 1,500 ladies and gentlemen, including a goodly number of out of town visitors, inspected the Janesville Gazette's new quarters Saturday afternoon and evening. That the management was highly gratified by this general response to its invitation goes without saying.

The visitors evinced a genuine interest in all the big and little details of the work of turning out a daily newspaper and the fact that so small a number were able to get near enough the typewriters to carefully observe their workings, was the only source of regret.

However, editors will always be welcome and those who care to make a more intimate inspection as well as the large number who were unable to accept the invitation on Saturday, may come at any time.

Eight hundred roses were presented to the ladies and over one thousand sets of the souvenir postal views of the office were distributed.

UNION HOUSE BAR MUST NOW CLOSE

Pending Determination of Validity of Council's Act in Revoking License—Judge Grimm's Decision.

Judge Grimm has sustained the City Attorney's demurrer to the complaint in the action of Margaret Walcott vs. the Mayor and Common Council of the City of Janesville. According to the decision, which was rendered this morning, the plaintiff has no authority to keep open bar at the Union House pending the determination of the validity of the act of the common council revoking her license. The writ of certiorari has already been issued and may be brought to trial any time upon ten days' notice to the adverse party. The full text of the decision was as follows:

"This action having duly come up before the court upon the defendants' demurrer to the complaint, J. J. Cunningham appearing for the plaintiff and H. L. Moxfield, city attorney, appearing for the defendants, now after hearing the arguments of counsel for the respective parties, and being fully advised, it is

"ORDERED that the demurrer to the complaint be and the same is hereby sustained for the following reasons: The complaint alleges an attempt on part of the defendants to revoke and annul a retail liquor license heretofore granted to her, which proceeding it alleges to be void for jurisdictional errors. It is that the fact plaintiff still has a valid license which is a complete protection in case of an unlawful arrest, and equity will not ordinarily interfere against mere threats to do an unlawful act without any attempt to carry them out. If, on the other hand, the license has been lawfully revoked no basis for this action exists.

"Further, the statutes provide that the validity of the act of the defendants may be speedily tested by certiorari, which brings the whole record before the court, and from which the court must then determine the question of validity. The statutes further provide that the writ of certiorari when issued shall not operate to suspend the action of the common council during the interim that expires between the issuance of the writ and the final determination thereon. The legislative intention is too manifest to be ignored, and is to the end and effect that guilty parties may not escape the results of their misconduct by the law's necessary delays in reviewing the determination of lower tribunals. If it were otherwise the effect of every revocation of a license could be nullified by appealing and delaying the hearing until the full license period has run. For this reason the legislature has wisely provided that when the tribunal in which the jurisdiction is vested has revoked a liquor license such revocation shall at once take effect and shall not be suspended pending a review by the court; and that the possible injury may be redressed to a minimum in case the council acted illegally. It provides for certiorari if it is claimed that they acted without or exceeded their authority.

"Where the statutes have provided a complete remedy at law equity will not interfere to annul or abrogate the effect of the legislative purpose, which would clearly be the case if the court by injunction restrained the defendants from preventing the plaintiff continuing her business after they had declared her license to be void, pending the determination of the validity of their act in the manner provided by law, or should proceed in an independent action in equity to determine such validity.

"Dated May 17th, 1900.

"By the court,

"Circuit Judge."

UNDERMUSLINS AT SPECIAL SALE PRICES

3 Days, Thursday, Friday and Saturday

Sale Will Be Held in the North Store.

It is the policy of this store to provide generous assortments and broad varieties. We buy more goods than we expect to dispose of in the regular manner.

This spring we held fast to this policy. In fact we bought a little too generously, and so we find we have a much larger quantity of muslin underwear on hand than we should be carrying at this time of the year.

This year our muslin underwear sale is therefore more attractive than ever to the general public, for greater quantities of goods are involved. We have made the prices more attractive than ever before in order that there will be no question about the surplus stock hurrying away.

It will be a great money saving sale that women and misses will do well to take advantage of. Spring business has been good and we willingly and cheerfully cut prices until profits are eliminated and in many cases part of the cost has been swept away.

Included are some garments that are mussed, others slightly soiled from handling and being put in the window, which will be marked at specially low prices. The prices and descriptions will appear in tomorrow's issue.

Would it add to the joys of the coming summer season to be told that

You have no kitchen coal or wood to buy.
No kindling wood to chop or carry.
No ashes to remove and make dust throughout the house.
No constant care of the fire.
No contrary oven to worry over or bother with.
No hot, unhealthy kitchen.

AND THAT IN THE FUTURE

Your kitchen will be clean and dustless throughout the year.
Cool and comfortable in hot weather.
With perfect basting and baking oven always reliable and under your control.
And a large broiler for your steaks, chops and fish.
A fine large Warming Closet to keep your cooked dishes warm.
A large top of the range with five burners: a double burner, three single burners and a simmering burner.
And that the range stands up from the floor, so that you don't have to stoop, and so that you can sweep beneath it.

All this is possible with a Cabinet Gas Range

Price, connected with hood, \$30.00; without hood \$25.00.
1-3 down, balance in 6 months in equal monthly installments.

FORTY YEARS AGO

Janesville Daily Gazette, May 17, 1860.—Laying Out The Grounds.—The deputy county surveyor this morning surveyed the ground and made his estimates of the necessary amount of excavation on the site of the new Court House. There is comparatively little of this work to be done, and the job will therefore be a short one. The foundation walls of the new structure will soon be commenced.

Commandable.—Religious exercises are now held every Sabbath in the jail. Inasmuch as some of the inmates of that institution have hitherto been disposed to find some fault because this has not been done regularly in times gone by, it is to be hoped that any such will show their sincerity by profiting by the teachings there enunciated.

Front.—There was a slight frost in this vicinity last night, but not sufficient, we think, to have injured fruit. This morning the weather was uncomfortably cool, and garden "snaps" will make little progress in aspirations for maturity under such

RALPH W. CHEEVER HAS PASSED AWAY

Former Editor of Clinton Herald, a Man Well Known in Rock County, Died Yesterday Morning.

Clinton, Wis., May 16.—Ralph W. Cheever, secretary of the Wisconsin Press association, died here at his home this (Sunday) morning at 10 o'clock of apoplexy. Mr. Cheever came down from Madison Saturday, where he is postmaster of the assembly, to spend Sunday with his family, arriving here at 7:30. He was met at the train by his wife and a friend and they went at once to his printing office, which has been closed during his illness in Madison. Here his wife left him going to the opera-house and expecting him to follow soon. He did not come and after the show was out he was found lying unconscious on the floor. Two doctors were immediately summoned and he was removed to the residence of Dr. Montgomery, where the doctors labored faithfully over him all night. He was conveyed to his home further up the street this morning at 6 o'clock where he died at 10 o'clock, never regaining consciousness.

In his death Clinton loses one of its very best men, a gentle, kind, generous, faithful to his friends, and he had a legion of near and dear ones. The little village is stunned today by the sad blow it has sustained. The sympathy of the entire community goes out to his lonely widow and sorrowing relatives.

Ralph W. Cheever was a son of Hon. D. G. Cheever and Christian (Grove) Cheever and was born in what is known as the little old cobblestone house on Milwaukee avenue July 10, 1844.

At the age of 18 he was injured by falling from a train which left him with paralyzed right arm. Oct. 18, 1870, he was united in marriage to Miss Martha L. Irish, daughter of James and Florida Irish.

Mr. Cheever on May 11, 1882, bought the Clinton Herald, which he successfully ran as a weekly paper until a little over a year ago.

He has held many important and responsible offices in our midst. As "comparing clerk" of the assembly he served during the session of 1889 and he has held the office of postmaster of the assembly for the past two sessions. At the previous session a special act was passed thinking and praising him for his faithful services, his kindness and his accommodating manner.

It was at the time of his untimely death secretary of the Wisconsin Press association and he was very much interested in preparing the program for the coming meeting to be held in June. He was intending to leave on Monday morning for Fulton, Ill., to attend a meeting of the supreme directors of the Myrtle Workers of the World, a fraternal insurance society of which he was one of the above named board of directors. He represented this village on the county board of supervisors for one full term and part of a second, when he resigned.

The funeral will be held Wednesday at 2 p. m. from the Baptist church.

BRODHEAD.

Brodhead, May 16.—In the District High school contest held in Whitewater yesterday Mr. Rodney Baxter of this city took first place. Mr. Baxter was also winner of first place in the Rock River Valley League contest held in Edgerton short time since.

Friends here of Rev. Thos. Douglas who left a short time since for points in Ireland, have received word from him stating he and Misses Jackson arrived safely at Queenstown.

Mr. and Mrs. Daniel Straw returned Thursday from the west. They have been gone the entire having spent the most of the time in California and Montana. Mr. Straw has been very sick but is now in his usual health.

The following members of the local Gun club attended shoot in that city on Thursday: F. H. Davis, A. J. Wagner, G. L. Winger, M. Hopkins, C. E. Doughty, Al. Ploek, J. B. Porco, W. Kibbe, J. A. Koller and O. J. Barr.

At the Methodist church on Sunday morning Rev. G. N. Foster will introduce a plan to shorten the time of the morning church service and Sunday school that the two services will not be more than an hour and forty five minutes.

Mr. S. O. Mahop returned Wednesday night from Toga, Wis., where he went two weeks ago on business. M. D. Bartlett and Frank Diederick are playing with the Monroe band for the Dr. Curver Shows in that city this week.

Mrs. Elizabeth James, of Monroe, was a guest of Mr. and Mrs. George Roderick on Thursday.

There will quarterly meeting services held at the M. E. church on Sunday morning, May 20, and quarterly conference on Saturday evening.

temperature.
Bible Meeting.—There was an interesting meeting of the Rock County Bible Society at the Methodist church last evening. William Merrill, 1884, President of the Society, presided. Jas. Sutherland, Esq., acting as Secretary. Short addresses were made by Mr. Merrill and Mr. Reynolds, agent of the State society, and Col. McIlhenny delivered a very chaste and elegant address of considerable length.

The Hatchet Of Story.—The Alexandria (Va.) Gazette says: "Mr. James Fossett has presented Mr. Harold Bell, keeper of the Alexandria Museum, with a hatchet, which at one time belonged to Gen. Washington, and the one with which he cut his father's cherry tree, the one which he could not tell a lie about, and which, since the General's death, has been preserved in the third room of the Washington Lodge of Masons, in the old Market House building. This is a valuable addition to the collection of Washington memorabilia now in the museum and is the more valuable in consequence of Mr. Fossett's voucher."

Miss Mabel Collins is the guest of her brother and sister, Mr. and Mrs. Mont Collins, in Eagle.

Mr. and Mrs. Ed. Merrill, of Madison and Mr. and Mrs. Clarence Merrill of Sparta, are guests of the gentlemen's parents, Mr. and Mrs. J. H. Merrill.

Jas. Douglas, Ed. Stabler and Jay Ellwino were Monroe visitors on Thursday.

Misses Florence Woodling and Frances Lake were guests of Janesville friends Thursday.

Messieurs S. Sablin and T. McCaffrey are in Durand, Wisconsin, visiting with relatives for a time.

Mrs. G. H. Baird and children, of Albany, were guests of Brodhead friends on Thursday.

Rev. E. P. Williams spent Thursday in Beloit and Orfordville.

Attorney Burr Sprague had business in Madison today.

Mrs. A. R. Baxter and Misses Florence Woodling and Frances Lake were Whitewater visitors on Friday and attended the District contest.

Mrs. Elmo Penger of Janesville who have been visiting her parents and others in Brodhead, left for her home on Friday accompanied by her nephew Master Earl and Fred Elbert.

The Misses Jewell and Eliza Sherman spent Friday in Janesville.

H. D. Lambie spent Friday in Whitewater.

A. A. Gillette of Juda, was a visitor here Friday.

Mr. James Foster goes to Shullsburg today to Shullsburg to spend Sunday with friends.

NEPHEW OF ANNIS ARRESTED.

Held at Flint, Mich., for Assault on Foreigner in Factory.

Flint, Mich., May 17.—Claude Annis, who claims to be a nephew of William Annis, shot by Capt. Peter C. Hains, Jr., is under arrest here, awaiting the outcome of injuries alleged to have been inflicted by him on John Rowaki, a foreigner, employed by the Michigan Casting Company of this city.

Annis was passing through the shop when, according to eye witnesses, Rowaki shoved him on a pile of iron. He resented the action of the employee and struck him on the head. At first it was not thought that Rowaki was seriously hurt, but last night it was said that his recovery was doubtful.

Flushing, N. Y., May 17.—Capt. Peter C. Hains, Jr., U. S. A., convicted of manslaughter in the first degree for killing William E. Annis at the Dayside Yacht club, will be arraigned for sentence before Justice Garretson in the supreme court today.

ARMENIAN REFUGEES ATTACKED BY MOSLEMS AS THEY LEAVE ADANA.

RETURN TO CITY IN PANIC

Capt. Marshall of the United States Cruiser North Carolina Probes Killing of Americans and the Destruction of Their Property.

Adana, May 17.—That the Armenians are not yet safe from slaughter by the Moslems in Asiatic Turkey, was shown when a band of the fanatics shot at 200 refugees who had started to leave this city for their former homes. Panic stricken the Christians fled back to the city.

The military commissioners, however, gave assurances that the Armenians would be safeguarded and sent out patrols through the country. The police are taking active measures to restore to the Armenians their unburned houses.

Capt. William A. Marshall, commanding the United States armored cruiser North Carolina, now at Mersina, and Edward I. Nathan, the American consul at Patras, Greece, are now at Adana, engaged in an investigation of conditions. The heat is intense and there is still much suffering.

Break Up Abdul's Harem.

Constantinople, May 17.—Eighty women from Abdul Hamid's harem, richly dressed and veiled, were driven in carriages under the escort of four eunuchs and a troop of cavalry from the Yildiz to the ancient Heraglio palace, which has been unoccupied since about 1824.

Curious bystanders were driven away from the exit of the Yildiz palace by a guard of soldiers. Following the carriages was a train of wagons with baggage. The Yildiz is being made ready for the admission of the public. Most of the former sultan's slaves have been freed.

The arrest of Prince Eddin, the fourth son of the deposed sultan, is confirmed. He will be interned in one of the palaces here. Nothing is known of the precise charge against him, but he was under suspicion of being implicated in the mutiny of April 13.

Sheket Man of the Hour.

Mahmoud Sheket Pasha, commander of the Turkish constitutional forces, both land and sea, is the man most frequently in the thoughts of those observing or dealing with the confused politics of the day in Turkey. He is the one "quiet figure" upon whom rests the preservation of order, and the civil branches of the government look to him to impose their liberal rule upon the empire and to deal promptly with persons and factions dangerous to the state.

The skill and celerity with which Gen. Sheket brought the Third army corps before Constantinople and occupied the capital has amazed the foreign military men here. Besides those attached to the embassies, seven officers came from Germany and five British officers from Egypt to observe the development of the campaign. They have not ceased to discuss the details of the constitutionalist commander's arrangements.

Gen. Sheket has called in succession during the last week upon every ambassador and minister in Constantinople and upon those Turkish subjects holding high positions. He has talked modestly upon political affairs and the relation of the army to the government, possibly with the idea of checking the spreading notion that he is virtually dictator and that his parliament are near to a rupture.

Leishman Makes Representations.

The American ambassador, John G. A. Leishman, has made representations to Ferid Pasha, the minister of the interior, on the importance of restoring order in the interior of Adana province, so that the refugees crowded in the towns may return to their farms.

Ferid Pasha replied expressing his thanks for suggestions, and saying he would take additional steps to restore the confidence of the Armenians and give them protection in the country where needed.

PRIEST BUYS SUMMER HOME.

Chicago Catholic Clergy to Have Rest Place on Lake.

Muskegon, Mich., May 17.—For the purpose of establishing a rest place for Chicago Catholic clergymen Father Adolbert Furman, a Polish priest of Chicago, has purchased the C. C. Flint farm situated on a bluff overlooking Lake Michigan and surrounded on all sides by summer resorts.

Father Furman will remodel the old farmhouse and invite his brother priests in Chicago to spend their vacation with him. The Sisters of Resurrection of the Polish church are also interested in the purchase and will establish a retreat on the farm.

Police Chief Mortally Wounded.

Lublin, Russian Poland, May 17.—Capt. Ulich, chief of police, was mortally wounded and two policemen who were accompanying him were severely injured in one of the principal parks of the city by a band of men with revolvers. Two of the officers' assailants were arrested.

STOCK OF GOLD GROWS; AMERICA HAS THE MOST

World's Supply of Precious Metal Increases According to Report of Experts.

Washington, May 17.—The world's stock of gold has increased about one-half in the last ten years and doubled in the last 25 years, according to a report issued by the bureau of statistics.

The stock of gold money has meantime grown in even greater proportions, being practically 75 per cent. more than a decade ago.

The tables show the gold production of the world since the discovery of America and the amount of gold money in the world, country by country. "The gold production from the discovery of America to the present time," it is stated, "aggregates \$13,000,000,000, and the amount of gold now in existence is estimated by experts at \$11,000,000,000 value, while the value of the gold coin in all the countries of the world from which statistics are available now aggregates \$7,000,000,000."

According to the tables a very rapid increase in gold production in recent years is shown. "As the result of this rapid growth," it is stated further, "the gold output of the world's mines during the ten years ending with 1908, aggregated according to the figures in question, \$3,400,000,000; while the product of the immediately preceding 16 years aggregated 2,400,000,000; making a total of nearly \$6,000,000,000 worth of gold produced in the last 25 years out of a total production of \$13,000,000,000 since the discovery of America."

Meantime, however, it is stated, although gold is more carefully conserved than any other article of man's production, some portions of the \$13,000,000,000 have disappeared, and the best estimates put the total world's supply of this metal at the present time at about \$11,000,000,000, of which one-third is the product of the last 25 years, one-half the product of the last 25 years, and three-fourths the product of the last 60 years.

The summary adds that "considering its distribution by countries, the United States has a greater supply of gold money than any other country, the figures being according to this table: United States, \$1,613,000,000; Germany, \$1,044,000,000; France, \$926,000,000; Russia, \$917,000,000; United Kingdom, \$666,000,000; Austria-Hungary, \$563,000,000; Italy, \$258,000,000; Australia, \$158,000,000; Egypt, \$140,000,000; Argentina, \$140,000,000; Turkey, \$132,000,000; India, \$113,000,000; Japan, \$86,000,000; Canada, \$66,000,000, and Brazil, \$51,000,000."

WOULD CHANGE WORK HOURS.

More Daylight, the Aim of Conference in Washington.

Washington, May 17.—A "daylight hours" conference was begun in Washington to-day that it is hoped by the delegates will induce the United States government to authorize a change in the working hours and in the standard time of the nation. The first delegation to arrive is that from Cincinnati, but there are delegates from most of the eastern and middle western states. They are business men, as a rule at the head of large enterprises.

It is their plan that on May 1 the clock shall be put ahead two hours all over the continent, so that what has been 5 a. m. shall be 7 a. m. The quitting time of the work day will be pushed up two hours also, so that the workers, after the day's task is finished, shall have two hours more of daylight.

Commander E. W. Hayden of the naval observatory put the same proposition to the department a few days ago, and Secretary Meyer thought so much of it that he has put it to a vote in the navy department. The result of the vote will be taken up at a cabinet meeting.

ONE DIES; TWO HURT IN WRECK.

Fireman, Engineer and Conductor Caught in Iowa Train Crash.

Mason City, Ia., May 17.—Fireman Clarence Storr was instantly killed, Conductor McCune seriously injured and Engineer Quigley hurt in a wreck on the Chicago & Northwestern railway.

A lone engine was backing up from Joyce to help out a stalled stock train. The tender left the track and went down a 15-foot embankment. Storr was caught under the engine and instantly killed. Conductor McCune was caught between the boiler and tender, with his body against the boiler, where he lay for three hours before he could be reached. Engineer Quigley jumped and was badly shaken up.

Iowa "Dry" Stop Fight.

Council Bluffs, Ia., May 17.—Rev. W. C. Barber, superintendent of the Iowa anti-saloon league, says the league has decided to abandon the fight for the resubmission of constitutional prohibition in Iowa. A campaign may be inaugurated favoring the repeal by the next legislature of the malt law.

Smashes Hammer Throw Record.

New York, May 17.—Matthew McGrath, the New York Athletic club's world champion 16-pound hammer thrower, attained a new world's record of 177 feet 4 inches, but in view of the fact that the throw was made from a metal-rimmed, seven-foot circle, the mark will not be accepted.

Jean Coquelin Seriously Hurt.

Paris, May 17.—Jean Coquelin, one of the late Bonnet Coquelin (Coquelin Aime), was seriously injured in an automobile accident here.

British Naval Estimates.

The British naval estimates call for an expenditure of \$175,712,500 during the next fiscal year. This is almost \$40,000,000 more than the United States will spend and very nearly twice the sum that Germany will devote to her establishment. Great Britain had 479 ships complete for sea (including 149 destroyers, 98 torpedo boats and 49 submarines) in March, 1900, and the complement consisted of 99,679 officers and men and 18,371 marines.—New York Sun.

CHRIST'S COMFORTING ASSUR-
ANCES TO THE DESPONDENT.
MAN POWERLESS ALONE
Strong Sermon by Episcopal Divine
at Christ Church Sunday
Evening.

"Among the temptations and trials
and despondencies of our lives, the
most comforting words to remember
are those of the Savior when He
said, 'These things have I spoken
unto you, that in Me ye may have
peace. In the world ye have tribu-
lation; but he of good cheer, I have
overcome the world.' These words
were the key-note of Rev. John Mc-
Kinney's sermon last evening, and
his text was taken from the gospel
according to St. John, the thirty-third
verse of the sixteenth chapter:
"These things have I spoken unto
you, that in Me ye may have peace,
in the world ye have tribulation; but
he of good cheer, I have overcome
the world." These are practically the
last words the Savior spoke on earth,
just before He was crucified, and are
in entire harmony with His whole
life. He had touched life at every
point: its joys and sorrows, triumphs
and temptations, and from this knowl-
edge He gave His disciples the assur-
ance that in Him they should have
peace.

"There are two interesting thoughts
in these words of the Savior. The
first is, that His religion is a cheer-
ful one, and this fact He manifested
throughout His own life. Desponden-
cy is impossible if we believe in
His words. There is nothing morose,
or moody or despondent in the Sav-
ior's religion. His religion is a joy-
ous one and this joy comes through
His love. 'In the world ye have tribu-
lation, but I have overcome the world.'
By that He meant that He had over-
come the people in it and that same
He has followers could do the same;
and that was to be achieved by overcom-
ing the tribulations of the world.
"Many of His followers was an ideal
one, that He would banish forever
from their lives the troubles and sor-
rows under which mankind suffered.
He did not spare them but warned
them that in preaching His word
they would suffer as no others ever
had, but that they would purchase
joy and good cheer by passing
through tribulation.

"It was the same in the Savior's
life. He was never exempt from
trials and temptations. Everyone
tried to overthrow Him, especially
those of high position, the scribes
and Pharisees who were ever on the
alert to outwit our Lord. He was nev-
er safe from their questions. Neither
did He ever trust them. During the
three days that preceded Palm Sunday
He never went into Jerusalem,
but when He knew that the time had
come He went cheerfully. Then there
was not a person of position who
came to greet Him, only those who
a few days later were to cry 'Crucify
Him' at the instigation of the scribes
and Pharisees.

"When our Lord said, 'I have over-
come the world,' He did not mean
the world itself, but those who occu-
py it. This fight to overcome the
world was common in the lives of
the apostles and in the lives of every
one who have followed them, and will
be until He comes again in glory to
judge both the quick and the dead.
God has never left His people but
once and then they bowed down to
false gods and wandered without hope
in the wilderness, crying that their
God had forsaken them. He never
did it again but instead sent His only
Son that through His death they
might attain everlasting life.

"Christ said that He had overcome
the world, and He has given us that
same power. To the people of the
present day the world seems to be
growing better. There seems to have
been a great advance since the days
of our Lord. But the emotions, the
trials and temptations are the same.
Solomon said that there was nothing
new under the sun and in this state-
ment he enunciated a universal
truth. We are simply repeating in
our lives, perhaps under slightly dif-
ferent conditions, the experiences
and temptations that have beset man
since the beginning. Human life with
struggles, sorrows and temptations
has never changed, and this state-
ment applies to the human heart.
Christ knew when He spoke the
words of the text that His disciples
had no power in themselves; that it
is natural for man to shrink from the
sorrows of life, yield to temptation,
choose the easiest path in life, and to
give way to despondency and despair.
It is to those who are sore beset
that the words of the text shine forth
as the most comforting thought in
life. The papers are full of examples
of those for whom the burdens of life
have proved too heavy. They have
given themselves up to excesses,
yielded to temptation, or even taken
their own life. It is in times like
these when life appears hopeless,
and temptation comes with alluring
glances that it is well to look back
at that majestic figure, sitting at the
table in the upper room with His dis-
ciples and speaking those comforting
words that the whole world might
profit. In Him there is power to
overcome, grace and strength to
fight temptation and the desponden-
cies of life. It is one of the most
comforting utterances in God's
Word.

PICKS UP A LITTLE**
Straggling Lots Are Being Picked
Up By Small
Buyers.

Aside from the gathering in of a
few straggling lots there seems to be
practically nothing doing towards lift-
ing the remaining fraction of the 1928
crop. Warehouse handling is yet pro-
gressing at a few of the packing points
and is likely to continue until strip-
pings is started later says the Edgerton
Reporter.
The market of old leaf is developing
some encouraging features. There is
a better inquiry for samples, and some
transactions have taken place and a
number of trades are under consid-
eration that may lead to fair sized
deals. A 250 case lot of '27 at Janes-
ville has changed hands as well as a
250 case lot among local packers the
past week.

The plant beds have been making
some progress during the week, though
the weather is yet too cool for rapid
growth. The plants on the early
grown beds where properly protected
are showing up well. A few reports
of damage from the freeze are heard,
though it is not believed the injury
was general. The season, however, is
so late that growers think there is
time yet for the beds to be in readi-
ness for the fields later on.

The shipments out of storage reach
865 cases and 3 car loads from this
market to all points for the week.
Since last report 11 car loads have
been received for warehouse handling.
Gradually the bulk sweating of to-
bacco before casing is becoming more
and more the practice of Wisconsin
packers, and if results continue satis-
factory this method of treatment
seems likely to be put into quite
general use especially with the filler
and 11 grades of leaf produced in this
and their sister grades this season
and have succeeded in obtaining the
best "11" stock the state has produced
for some years. And it places the
goods in readiness for market six
months or a year ahead of the natural
sweet leaf and at a time, too, when
the market is quite bare of leaf of
this character. The best demand for
some months past is for good sound
filler stock and packers of Wisconsin
are getting a good supply ready to
meet it. But the chief advantage of
bulk sweating lies in almost entirely
escaping the loss of damage which
has proven a serious drawback in the
natural sweet of the leaf the past few
years. While the practice may not
prove quite as desirable in the hand-
ling of blunder stock as the good old
way of natural sweating through the
summer months, there is some advan-
tage in warming up and partially cur-

EARLY-DAY CITIZENS**
John Alden Tells of Some of the
Jokes of Noted Members of
the 1901.
(BY JOHN ALDEN.)

In the early days of Janesville it
was the proud boast of many citizens
that it was the headquarters of that
once noted organization known as the
"1901." Most of the members com-
prising this organization have gone
to their final reward, where the rid-
ing of the untamed "billy goat" is
unknown. The "1901" had a million
silly reputation and together with
the "Forty Thieves" during the re-
igns of Bradford and Barlow as
governors, served to while away many
an idle hour.
One prominent event that occurs
in the mind of the writer was the
initiation of a travelling man repre-
senting a down east firm. Upon his
arrival at the old American house he
began to extol the merits of eastern
merchants as compared with those of
the west. It was not long before he
fell into the hands of Charley Jor-
dan, Jerry Hazeltine, Samuel Daniel,
Isaac Woodie, John P. Hoyt, Popper
Kimball and other notable members
of the orders.

After taking the first degree, which
was administered in the old theatre
over the back store on Main street,
the candidate was invited to participate
in the exciting sport of bagging snipe.
It was a "kumby" sport and John
heartily in the scheme. Snacks and
long poles were produced and the
"bunch" repaired to the gas house
pond to bag the game. It was a dark
night and at times the rain fell in
torrents, but so much the better for
bagging snipe. Upon their arrival at
the grounds the candidate was placed
knee-deep in the mud and water, with
a huge snipe held open by a hoop to
entrap the festive snipe. He was un-
doubtedly to stand still and be sure
to capture every snipe that came his
way while the gang started out to
"whip in" the game. They left the
candidate on post and surrounded their
way back to the hall where they en-
joyed the night socially and in
smoking until the small hours of the
morning.

In order to thoroughly initiate the
candidate he was induced to take a
second degree, which was conferred
upon him at the Capitol House at
Madison. This event was attended by
the full membership from Janesville
re-inforced by the Madison contingent.
That this was attended by the usual
pomp and ceremony may be evidenced
by the fact that it was over a week
before the Honorable Isaac Woodie
fully recovered and returned to his
law practice in this city. Woodie was
a thoroughbred and when the clerk
at the Capitol House presented his
bill for the week's board with numer-
ous extras, Isaac put on an "air" and
with the contempt of a lord
faced the clerk with the exclamation:
"Do you realize, fellow, who you are
addressing? My name is Isaac
Woodie. I never was known to pay a
bill. It is an honor for any hostelry
to have me for a guest and in fact
the Janesville hotels pay me liberally
for my patronage. Give me a dozen
cigars and pack a bottle or two of
champagne in my carpet-bag," and
grabbing his grip he hurried to the
street to catch the stage coach for
Janesville, leaving the astonished
boniface staring wildly at the "clerk"
of the Janesville lawyer.

In speaking of lawyers reminds the
writer of the advent of the late
George H. Ely, an attorney fresh from
a law school of the east. He came
here with a large library and the
usual contempt of the easterner.
The attorney of the west, Mr. Ely
could not be induced to join the
"1901," but he was soon before
Justice Sanford Hudson on some ty-
pographical charge.

The court was opened in due form
and the trial was proceeding rapidly
when it occurred to the attorney on
the opposite side that it was time
to "liquor up" and the trial was sus-
pended until a game of "seven-up"
was played to determine who should
stand front. The case had hardly be-
gun again when in walked Jerry
Hazeltine and Will Murdock with a
large string of suckers, and slapping
them on the table in front of the
Honorable, proposed to raffle them off at
five cents a throw, which so aston-
ished the down east lawyer that he
made a break for the door and start-
ed for his home at a 2:30 gallop. He
was not seen in his office again for
over a week.

The "1901" outlived its usefulness
long ago, but some of the furniture
used in the initiation is still pre-
served in Madison.

an approaching locomotive gave its
shrill warning in the distance. The

to untangle the shoe, that the child's

"Skipper," says Van, "I'd like to know whether if I could add an item to the What did you pay for those shore-birds you got when you went gunning with Scudder, Van?"

Van blushed up some, but he answered prompt.

"Well," he says, "to tell the truth Scudder sold 'em to me for five dollars."

"Yes?" says Martin, laughing.

"I thought so. I paid him six for mine."

"There's no use talking," I put in.

"There may be some good things about living the Natural Life, but—"

"But," interrupted Martin, "the financial prospect appear to lie in Scudder's plan; that is, to have the 'good things' live for you."

The train whistled up the road. Van leaned over and tapped me on the shirt front.

"Skipper," says he, "I won't propose any concerning next summer. Sufficient unto the day, etcetera. And I won't answer for Martin. But for me and for this winter, if anybody asks you tell 'em I've gone back to New York."

BELLS FALL FROM TOWERS; TWO ACCIDENTS IN INDIANAPOLIS

Mishaps in Indianapolis and Vandalia
paralese on Same Day Are
Strangely Similar.

Indianapolis, Ind., May 17.—As the city was being rung in celebration of the defeat of De Pauw's baseball team, a bell weighing 600 pounds, broke from its rusty fastenings in the tower of Butler college where it had been hanging for 35 years and crashed through the roof into the chapel 100 feet below.

A group of students working at the bell rope just missed being crushed and the chapel was filled with debris. The night before, the chapel was crowded for an entertainment in the course of which the bell was rung and had it fallen then many would have been killed.

The celebrating started in the ninth inning, after Swain, Butler catcher, got a three base hit, bringing in enough runs to win the game. T

wildly enthusiastic students carried their catcher off the field and began ringing the bell. Its fastenings could not stand the strain.

Valparaiso Church Bell Falls.

Valparaiso, Ind., May 17.—Just as the janitor started to ring the bell for the morning service, the bell in the Presbyterian church in this city became loosened from its fastenings and crashed down to the floor.

Mrs. F. J. Westgate, who was standing in the vestibule, was injured by a falling timber, and her infant child was also slightly injured.

WOULD PERFECT THE WIRELESS

**Navy Experts Seek Better Service
'Phone and Telegraph.**

Washington, May 17.—Experts of the United States navy are bending every effort toward perfecting wireless equipment, both telephone and telegraph, for use by the vessels of the navy and the naval shore stations. The military authorities also are carefully investigating this subject through the signal corps.

Both the navy and the army will be represented at a series of experiments to begin about June 15, at Brant Rock, Mass., where a high powered wireless station has been erected by a concession which is endeavoring to secure the work of building and equipping a Government tower in Washington with high powered wireless instruments and furnishing two sets of combined telephone and telegraphic apparatus to ships. Brig. Gen. James Allen, chief signal officer of the army, and several

officers of that corps, will be prosecuted in the interests of the army and Navy. Commander Cleland Davis and Lieutenant George C. Sweet of the bureau of equipment of the navy, will represent the naval service.

Was Ready,

There is a charming bit of obituary sentiment from an eastern newspaper: "He had been married 40 years and was prepared to die."

YOUR BACKACHE WILL YIELD

**To Lydia E. Pinkham's
Vegetable Compound**

Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. WILLY YOUNG, Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, do not neglect it. Take this permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health free of charge.
